ANNOUNCEMENT

SUBJECT: William Nordberg Memorial Award for Earth Science Nominations Due: August 27, 2004

The William Nordberg Memorial Award for Earth Science is presented in memory of Dr. Nordberg's many pioneering accomplishments in the use of space technology in understanding the Earth system. The Nordberg Award is presented to a Goddard civil service employee who best exhibits those qualities of broad scientific perspective, enthusiastic programmatic and technical leadership on the national and international levels, wide recognition by peers, and substantial research accomplishments in understanding Earth system processes, which exemplified Dr. Nordberg's own career. This award will be presented during the annual William Nordberg lecture to be held in the Building 3, Goett Auditorium at 3:30 p.m. on **November 19, 2004.**

All Goddard civil servants are eligible for this award regardless of their occupation or of the organization in which they serve. All Goddard employees are invited to submit nominations. There is no limit to the number of nominations that may be submitted. The nomination may be completed, using either the form on the reverse side of this announcement, or by downloading it from OHR's webpage at: <http://ohr.gsfc.nasa.gov/awards/nordberg.htm>, and forwarding it to the Awards Office, Code 114, Building 1, Room 139. While brevity is desirable, the text of the nomination should clearly describe the nominee's accomplishment and its significance. Nominations should be accompanied by supporting documentation (such as curriculum vitae, publication list, patents, endorsement letters, etc.). There is also the possibility that the nominator will be contacted by a committee member for additional information. To receive consideration for the award, nominations must be received by August 27, 2004.

Questions concerning submission of these nominations may be directed to Theresa Wirth 301-286-4574. For questions about the Goddard Awards Program please contact Khrista White, at 301-286-9059, Khrista.N.White@nasa.gov, or visit OHR's web site at: <http://ohr.gsfc.nasa.gov/awards/home.htm>.

I want to add my personal request to this call for active employee participation both in making nominations and in the colloquium where this award will be presented.

A. V. Diaz
Director

PLEASE POST AND CIRCULATE THIS ANNOUNCEMENT

DISTRIBUTION CODES:

*A (Civil Service) – GSFC Employees

*B (Civil Service) – GSFC Section Level and Above

*C (Civil Service) – GSFC Branch Level and Above

*D (Civil Service) – GSFC Division Level and Above

**A (Contractor) – Contractor and Other Employees

**B (Contractor) – Contractor and Other Offices

**William Nordberg
Memorial Award for Earth Science**

NOMINATION FORM

Name of Nominee _____

Title _____

Organization _____

Statement of contribution on which nomination is based. Please summarize the earth science contributions of the nominee and their impact on GSFC, NASA, and/or the external earth science community. One additional page may be used for the nomination. In addition, please attach any supporting documentation (such as curriculum vitae, publication list, patents, endorsement letters, etc.) that demonstrates the accomplishment(s) of the nominee. **You may be contacted by an Award committee member for additional information.**

Code/Extension

Typed name of nominator _____

Date

Signature of nominator _____

(In order to receive consideration, nominations must be received in the Awards Office, Code 114, Building 1, Room 139, by COB Friday, August 27, 2004)
